HOWTO: Install CodeWarrior 11.1 Updates/ Updates for DSC + devices support

This is a document to detail the steps to install CodeWarrior 11.1 and the associated updates for MC56F83xxx support.

Contents

1.	Downloads	.1
	Download the install files for CodeWarrior 11.1 and Update 3	. 1
	Service Pack and Patches	.5
2.	Installation	.6
	Offline Install CodeWarrior v11.1 + Update 3	.6
	Offline Install device support	.9
	Online Install CodeWarrior v11.1 + Update 3	10
	Install DSC compiler update only	14

If you haven't installed CodeWarrior 11.1 OR you've installed CodeWarrior 11.1 by offline installation method but didn't install Updates and Service Pack for required devices, follow the instructions in <u>Downloads</u> section before proceeding to the <u>Installation</u> section.

Please note that MC56F83xxx device support depends on DSC compiler update which is included into update. If only compiler update is required – please follow instructions in <u>Install DSC compiler update only</u>

1. Downloads

Download the install files for CodeWarrior 11.1 and Update 3

- 1. Go to <u>www.nxp.com/mcu11</u> or <u>www.nxp.com/DSC</u> (then locate the CodeWarrior link under DSC Software section) .
- 2. Click on the Downloads tab

Service Pack and Patches

At the moment of this document creation latest update is Update 3, if newer update would be available – the same procedure should be followed, considering that updates are cumulative and user need to install only last update.

The following table lists files required to install Service Pack support for devices for offline installation. Please download those you need and keep them ready for installation.

CodeWarrior for MCU 11.1 Service Pack for DSC MC56F82xx with PEX	com.freescale.mcu11_1.DSC_MC56F826xx.win.sp.v1.0.16.zip
CodeWarrior MCU 11.1 Service Pack for MWCT1011B	com.freescale.mcu11_1.DSC_MWCT1011B.win.sp.v1.0.2.zip
CodeWarrior MCU 11.1 Service Pack for S08PB and S08PLS	com.freescale.mcu11_1.HCS08_PB16.win.sp.v1.0.8.zip
CW MCU 11.1 Service Pack for DSC MC56F81xxx	com.freescale.mcu11_1.DSC_MC56F81xxx.win.sp.v1.0.17.zip
CW MCU 11.1 Service Pack for FXTH870000	com.freescale.mcu11_1.HCS08_FXTH870000.win.sp.v1.0.6.zip

Service Pack for S08PL60	com.freescale.mcu11_1.HCS08_PL60.win.sp.v1.0.4.zip

2. Installation

From here on, select one method from the following:

- Offline installation
 - Offline Install CodeWarrior v11.1 + Update 3
 - Offline Install Update 3 (with CodeWarrior v11.1 already installed) skip to step 2 in offline installation section
 - Offline install of Service Packs for devices
- Online installation
 - Online Install CodeWarrior v11.1 + Update 3 go to Online Install CodeWarrior v11.1 + Update 3
 - Online Install Update 3 (with CodeWarrior v11.1 already installed) go to <u>step 3</u> in online installation section
 - Install DSC compiler update only (with CodeWarrior v11.1 already installed) go to instructions

Please note that it is possible to use offline method for base tools installation and later use online method for Updates and Service packs, and vice versa.

Offline Install CodeWarrior v11.1 + Update 3

1.Execute the offline installer (CW_MCU_v11.1_b181224_PE_Offline.exe), following the prompts along the way. Be sure to select DSC on the Choose Components menu.

🌽 CodeWarrior Development Studio for Microcontrollers v11.1 S — 🗌 🗙
